

In June 2025, Elis began its partnership with Luton & Dunstable Hospital after a competitive tendering process.

Debbie Green, Assistant Director of Estates and Facilities at Luton and Dunstable Hospital, comments:

Their mobilisation team played a pivotal role in ensuring a seamless and professional transition from the outgoing provider, managing all aspects effectively and providing robust support at every stage.

"Elis has been exemplary in supplying high-quality linen across all areas of the hospital, ensuring consistent availability and continuity of service. Their ability to meet our operational demands and adapt to changes has been commendable.

Jerry Richardson, Account Director - Healthcare at Elis, says:

We're delighted to be partnering with Luton and Dunstable University Hospital. Our focus from the outset has been on ensuring a reliable, high-quality linen service that supports the hospital's operational needs. By working closely with the team, we've been able to adapt quickly to changes and provide the continuity of supply that is essential in a busy hospital environment.
